

**2021**  
**Illinois Chemical Education Foundation**  
**\$2,000 Ecolab High School Senior**  
**Scholarship Application**

**Open Only to Students Seeking Degrees in Chemistry, Chemical Engineering, Environmental Engineering or High School Chemistry Teaching**

The Chemical Industry Council of Illinois, through the Illinois Chemical Education Foundation (ICEF) presents a number of \$2,000 scholarships each year to top high school senior science students. We welcome all applications for the ICEF scholarships.

The ICEF's objective is to recognize and honor high school seniors who have exemplified outstanding achievement in academics, extracurricular/employment activities and community involvement.

Please submit the following information **postmarked no later than Friday, February 19, 2021, and received no later than Wednesday, February 24, 2021.**

- Name, address (include zip code), email and telephone number **only** on a cover page
- **Official** high school transcript (MUST have either an official seal or enclosed in a sealed envelope with a signature of school official across the seal) including grade point average with scale
- Rank in high school class
- ACT/SAT/PSAT scores (Either through Official transcript or from the ACT)
- **Two letters** of recommendation **from teachers**; including one science teacher. The letter **MUST** be on office al letterhead and signed.
- A **one page** essay on "How did you become interested in your chosen college major and where do you hope it takes you?"  
Ecolab essay question: "How would you make the world a cleaner, healthier and safer for everyone?"
- List of extracurricular activities, including community service, awards and accomplishments, and employment/work experience

**Do not** include photographs, certificates, folders, binders or college acceptance letters with your application. Please **DO NOT** staple the papers together.

**Ecolab Scholarship also offers a tour of Water University**

Water University is the World's first high-tech learning environment dedicated exclusively to water education. Through interactive experiences and hands-on learning, total water solutions come to life as students embrace ways to reduce, re-use, and recycle water. The University features a functional wet lab as well as customized equipment and control technologies designed to support pretreatment, boiler, cooling, process, and post-treatment applications. A virtual work center with its incorporated *Prysm* Technology boasts a 15-foot wide interactive video wall for running environmental simulations and engaging with 3D water processes. The Water Safety section of the University showcases methods for controlling water borne pathogens and provides a backdrop for understanding water health standards.

**Suite 110**  
**Des Plaines, IL 60018**

*All submitted materials become property of the Illinois Chemical Education Foundation*

**Please Note: Only chosen applicants will be notified.**

*High School Scholarship* applicants must be an Illinois resident and planning to attend a post-secondary educational institution (i.e. junior college, community college, four-year undergraduate institution). We

**2020**  
**Illinois Chemical Education Foundation**  
**\$2,000**  
**Lupita Turriff Hispanic Student Scholarship Application**

**Open to All Future Chemists, Chemical Engineers, Environmental Engineers & High School Chemistry Teachers**

The Chemical Industry Council of Illinois (CICI), is proud to announce that the Turriff Family is offering the Lupita Turriff Hispanic Student Scholarship through the Illinois Chemical Education Foundation (ICEF). This scholarship is open to all Hispanic students in Illinois seeking a college degree to apply for a **\$2,000 Lupita Turriff Hispanic Student Scholarship Award**. The ICEF's objective is to recognize and honor high school seniors who have exemplified outstanding achievement in academics, extracurricular/employment activities and community involvement.

The CICI is a non-profit association of chemical companies operating in the state of Illinois. CICI activities include a number of programs in education, environment and public affairs. CICI, through ICEF, presents a number of scholarship awards each year.

ICEF invites all future chemists, high school chemistry teachers, chemical engineers and/or environmental engineers to apply for the Lupita Turriff Hispanic Student Scholarship. **Please submit the following information postmarked no later than Friday, February 19, 2021, and received no later than Wednesday, February 24, 2021.**

Name, address (with zip code), and telephone number, & clearly state your career goal (please have this on a separate sheet of paper);

**Official** transcript, including GPA with scale; for high school seniors, please include an official ACT or SAT score;

**Two** letters of recommendation from instructors or professors in chemistry, physics, biology, biochemistry or chemical engineering; the letters **MUST** be on institution letterhead and signed;

List of extracurricular activities, including community service, awards and accomplishments, and employment/work experience;

**High School Seniors:** A **one page** essay on *"How did you become interested in your chosen field and where do you hope it takes you?"*

The information should be put together in a complete packet and sent to:

**ICEF/Lupita Turriff Hispanic Student SCHOLARSHIP AWARD**  
**1400 E. Touhy Ave.**  
**Suite 110**  
**Des Plaines, IL 60018**

The student must be of Hispanic descent, prove academic merit and demonstrate financial need. This is not a scholarship for post graduate education. If you have previously won this award you cannot reapply.

**Please note: Only the winners will be notified.**

We encourage all eligible students to apply for this prestigious scholarship. The winner will be notified by mail. The ICEF Scholarship Award will be presented at our 64<sup>th</sup> Annual Scholarship Luncheon. Be sure to include a return address and a contact telephone number with your application!
